

Critical Information Summary

Gippsland Broadband nbn™ Fixed Wireless

Information about the service

Service Description

Gippsland Broadband nbn™ Fixed Wireless plans are delivered via the National Broadband Network (NBN) to the network boundary of your premises.

Equipment Required

A NBN compatible modem is required to connect to the NBN. If you do not have a compatible modem, one can be supplied with a once off payment of \$109.00 plus \$14.50 Postage and Handling.

Availability

NBN is not available at all addresses and is subject to infrastructure availability at customer premises. To check availability, please use the address checker at www.gippslandbroadband.com.au/check-your-address/

Usage Details

This plan includes UNLIMITED data, but if you would like to know how much data you have used, please contact our friendly customer service team using the contact details here on the C.I.S.

NBN Speeds

Typical Evening Download Speed is measured between 7pm and 11pm. The actual speeds for the service may be slower and may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by Gippsland Broadband. Devices connected by Wi-Fi may experience slow speeds than those connected by ethernet cable. For FTTN customers, your maximum line sync speed is available on request once it is available.

The minimum term is:

Gippsland Broadband nbn plans are supplied on either a 12 month (\$74.00 setup fee applies) or 24 month (\$0.00 setup) contract term (early termination fees apply). See Minimum total cost applicable to each plan in the Information about Pricing section.
